April 4, 2008

Dear School of Engineering and Applied Science graduating senior:

The faculty and staff of the School of Engineering & Applied Science would like to congratulate you on your accomplishment of completing your degree at Miami University and we look forward to celebrating it with you.

On Sunday, May 11, 2008 at 3:00 pm in Goggin Ice Arena the School of Engineering & Applied Science (SEAS) will host the Divisional Recognition Ceremony in your honor.

As you know from previous correspondence received from President Hodge, this Recognition Ceremony is designed to complement the university ceremony. As dean, I will preside at the SEAS Recognition Ceremony. All students will be in academic attire, have their name read, receive their diploma cover, and have their photograph taken.

Please arrive at Goggin Ice Arena no later than 2:30 pm. The procession will start promptly at 3:00 pm. When you arrive at Goggin Arena, please proceed to the Recreational arena where you will pick up your name card, and remain there to line up for the Processional. See the enclosed diagrams of Goggin Ice Arena for more information. For more detailed information about the ceremony, please visit the SEAS website at: www.eas.muohio.edu and click on the commencement information link.

All university parking lots will be open to the public during commencement weekend. Shuttle buses will run from the parking lots. A visitor's guide showing parking locations closest to Sunday's venues was mailed to your family member on record with the Registrar's Office. You may also access this information at: www.muohio.edu/commencement.

Handicapped parking is available on campus with state-issued disability placards. Goggin Ice Arena is wheelchair accessible. Accommodations for those who are deaf or hard-of-hearing will be provided in the form of American Sign Language interpreters. Ushers will direct those needing sign language interpretation and wheelchair seating to the appropriate areas. If you have questions regarding disability services, contact the Office of Disability Resources at 513-529-1541 (V/TTY).

We invite you and your guests to join us for a reception immediately following the ceremony. The reception will be held in the Recreational arena of Goggin.

If you have any questions regarding the School of Engineering & Applied Science Recognition Ceremony, please call Linda Kramer, Assistant to the Dean, at 513-529-0700 or send email to: kramerlp@muohio.edu.

The faculty and staff in the School of Engineering & Applied Science look forward to seeing you on May 11th at your Recognition Ceremony!

Sincerely,

Marek Dollár, PhD, DSc
Professor and Dean
